

RoHS Compliance

Dear Valued Customer,

In July 2015 the member states of the European Union (EU) published the RoHS Recast Directive (EU) 2015/863. This Directive provides amendments to 2011/65/EU, which is also referred to as RoHS2.

XMA Corporation hereby certifies that products manufactured and sold conform to current RoHS standards as outlined in 2011/65/EU, Article 4(1)(6), Annex section 7b, and Directive (EU) 2015/863 as amended March 2015.

Best Regards.

Marc E. Smith
