

2 –Way Space Qualified Power Dividers

SERVING THE SPACE MARKET, ONE CONNECTION AT A TIME

QUICK FACTS

- Space Qualified
- DC-65GHz
- TVAC Compliant
- Industry Leading VSWR
- Proven Success from Earth to Orbit

ABOUT THIS PRODUCT

Our 2-way space qualified power dividers are the most reliable components for your next space mission. Fully TVAC compliant and cryogenically compatible, these components have proven success during launch and in orbit. Our two way power dividers have SMA, 2.92mm, 2.4mm, or 1.85mm connectors and service DC-65GHz. We are constantly developing power dividers with new connectors, so let us know how we can assist your custom mission today!
